

## **Create a Business**

### **Task 1: Creating your logo**

*TOPIC: How to choose the right color for your brand using color psychology?*

- Create the name of your business
- What does this business stand for? (Food, beauty products, video games, etc.)
- Evaluate the best way your costumers can feel when they see your logo.

### **Task 2: Creating your business card.**

Include your logo, name, email and telephone for contact.

### **Task 3: List some products you will be selling.**

They do not need to be something you create, you can research them.
